

Architectural plan of a building with a central courtyard. The plan is oriented with North at the top. The building has a central rectangular courtyard labeled "VALLE" and a surrounding area labeled "MONTE". The building's footprint is defined by a thick red line. The walls are shown in grey, and the floor is indicated by a dashed line. The plan includes various structural elements and dimensions:

- Walls:** Labeled "Muro d'ala in c.a. 70 cm" (concrete wall, approx. 70 cm thick) and "Muro d'ala in c.a. 70 cm" (concrete wall, approx. 70 cm thick).
- Structural Elements:** Labeled "Monolite in c.a." (concrete monolith) and "Soletta in c.a. 30 cm" (concrete slab, approx. 30 cm thick).
- Dimensions:** A dimension of "3m" is indicated for a section of the wall.
- Orientation:** The plan is oriented with North at the top, indicated by a dashed line and a north arrow.
- Labels:** "VALLE" (Valley) and "MONTE" (Mountain) are used to describe the central and surrounding areas, respectively.
- Other Labels:** "CECINA" and "VOLTERRA" are visible on the left and right sides, respectively, indicating the building's location relative to these towns.

VISTA 3D OPERE CIVILI

VISTA 3D IMPALCATO METALLICO

A 3D architectural rendering of a concrete bridge structure. The bridge features a wide, flat deck supported by a series of concrete piers. A metal walkway with a railing is visible on the right side of the bridge deck. The structure is shown from a low angle, emphasizing its scale and the geometric forms of the concrete elements. The background is a plain, light gray.

A 3D perspective rendering of a rectangular concrete structure, possibly a water treatment component like a settling tank or aeration basin. The structure features a large, open rectangular basin. Along the top edge of the basin, there is a walkway or platform with a metal railing. The structure is supported by thick concrete walls and a base. The interior of the basin is smooth and light-colored, while the exterior walls and base are a darker shade of gray. The perspective is from an elevated angle, showing the depth and width of the structure.
